Welcome!

Dear Friends:

All of us here at Ashbourne Farms look forward to having you with us for our December 13th sale.

Because we find it necessary to reduce our cattle program, we are offering a larger-than-usual sale consignment that will include many of our "stand-by" cows and some highly promising young females that wouldn't normally be leaving Ashbourne.

Every effort has been made to present to our valued friends and customers an "extra profit" offering. Why not come and see for yourselves?

Sincerely,
W. L. LYONS BROWN

W. L. LYONS BROWN
Owner

JIM KING
General Manager

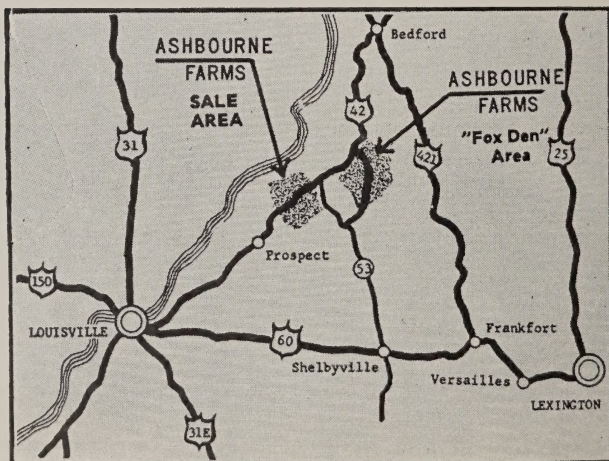

IRVIN RETZLAFF
Cattle Manager

You are cordially invited to be the guest of W. L. Lyons Brown at a buffet dinner at the farm, beginning at 5:30 p.m. the evening before the sale, December 12.

ARRIVE EARLY

Ashbourne is one of the breed's largest Shorthorn and Polled Shorthorn herds. In addition, large commercial cattle herds feature great infusions of Shorthorn blood. Arrive early to see it all and inspect the sale offering at leisure.

From the Sale Management:

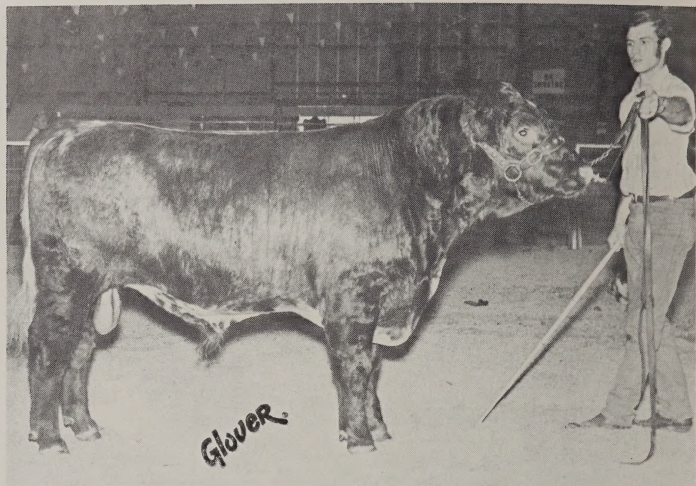

Our association with Mr. and Mrs. W. L. Lyons Brown encompasses more years than we care to admit to. We have seen their enthusiasm in acquiring important new herd sires and females for the Ashbourne improvement program . . . applauded when breed leaders elected Lyons to the American Shorthorn Association presidency . . . shared their thrills of winning major show championships . . . enjoyed their friendship . . . appreciated their long-time support of Shorthorns and Polled Shorthorns.

The Ashbourne program has enjoyed a large measure of success because they have looked ahead . . . never hesitated to add new blood, at whatever cost, whenever they believed it would advance Ashbourne quality . . . ran their operation in a practical manner . . . and because they strove to maintain the confidence of their customers.

This offering is worthy of strong buyer support. We don't mean to imply that every animal to sell is of championship caliber, although a good many are, but we do mean to emphasize the profit potential of each and every individual selling. The new service sires featured, by themselves, warrant the attendance and buying support of all intent on breed improvement.

We hope you will be with us sale day.

A "GROWTH" STOCK

Shorthorn and Polled Shorthorn cows are a growth stock: In financing parlance this means a sound investment that is assured of increasing in value.

The future of all beef cattle looks bright. The growing population in America and a growing per capita beef consumption makes investment in cow-calf programs mighty attractive.

The Shorthorn-Polled Shorthorn future looks especially bright. That is because the breed has more to offer the beef world than any other breed.

There are breeds more highly glamourized...there are breeds with more inflated values but no breed is more universally recognized for its improvement ability than the Red, White and Roan. Nearly every large, exotic breed in the world owes much of its parentage to Shorthorns. If you really think about that fact alone, you should have a greater appreciation for Shorthorns.

No breed has more genetic purity than Shorthorns. The breed has no problem with dwarfism, cancer eye, prolapses, sunburned udders. No beef breed is so enriched with milking ability, with docility, with gaining ability.

We could go on and on about Shorthorn superiority and their higher profit potential. If you own Shorthorns, you know their dependable productive ability. If you don't own Shorthorns, it is high time you did. The females offered in this sale can do much to cement your faith in our breed.

STANDARD GUARANTEE

OF AMERICAN SHORTHORN BREEDING ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller. Cows with calves at foot even though bred are not given any guarantee.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any other animal later substituted.
5. In the event an animal is returned by the buyer to the seller as a non-breeder, the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such certificate is required by the seller.
6. All animals are sold to comply with the laws regulating tuberculosis and Bang's disease of the state or country into which they may be shipped.
7. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
